

PSYCHOLOGY INTERN

The predoctoral interns of Mid-Ohio Psychological Services, Inc. will be working to develop skills as a clinical psychologist by receiving training in assessments, testing, evaluations, therapy, consultation, and professional development. This training will occur through intensive supervision by a licensed psychologist and direct care to the clients of this agency. Mid-Ohio Psychological Services, Inc. provides the inhabitants of Fairfield County and surrounding areas a comprehensive range of services for the prevention, intervention, diagnosis and treatment of mental disorders.

1. The psychology intern will be responsible for providing direct therapeutic services in the form of diagnostic assessments, civil psychological evaluations, individual psychotherapy, community support program (CSP), and group treatment for individuals as assigned by the Clinical Director.
2. All psychology interns will be administratively and clinically accountable to the team leader and/or Clinical Supervisor assigned.
3. Psychology interns will be under the direct supervision of a licensed psychologist as assigned by the Training Supervisor under the direction of the Clinical Director.
4. Psychology interns will be responsible for maintaining client records in accordance with established policies and procedures, completing treatment plans, and providing group and individual psychotherapy under supervision.
5. Psychology interns will attend and actively engage in individual and group supervision. Interns are expected to attend these supervisions prepared to discuss clinical and professional development issues. The frequency of these supervision sessions will be in accordance to policies and regulations set forth by the Association of Psychology Postdoctoral and Internship Centers and the State of Ohio.
6. Psychology interns will abide by all Association of Psychology Postdoctoral and Internship Centers, American Psychological Association, and State of Ohio regulations and policies.
7. Psychology interns will perform other duties as assigned within the scope of clinical duties.

Requirements: Master's degree in mental health field, 1000 hours supervised practica experience, enrolled in good standing in a clinical or counseling psychology doctoral program, completion of all doctoral level coursework, and registered with the Ohio Psychology Board as a Psychology Assistant
