

SEXUALLY AGGRESSIVE YOUTH GROUP CONTRACT

I agree to participate in the Sexually Aggressive Youth Group. As part of this agreement, I agree to the following rules:

1. **To show up each week on time and ready to work.** I understand that if I do not show up to group that the group leader will call my probation officer/case worker and a letter will be sent out indicating that I did not show up. My probation officer/case worker may choose to consequence me for not showing up. I understand that there are no excused absences, however I do understand that I can make arrangements with my counselor to miss group on rare occasions if we have discussed it in advance and if it is part of my treatment.
2. **To complete all assignment.** I understand that I will be given a homework assignment each week and that I am responsible for completing the assignment and bringing the material back to group the following week. I understand that if I fail to complete my assignment that my probation officer/case worker will be called and a letter will be sent out indicating that I did not do my homework. My probation officer/case worker may choose to consequence me for not doing my homework.
3. **To maintain confidentiality.** I understand that whatever is said in group stays in group. There are some exceptions to this rule. I understand that the group leader/counselor will talk with other counselors/supervisors as part of the rules of being a counselor. I also agree that counselor/group leader can talk to my probation officer/case worker and I agree to sign a release of information every six months so that this can happen (failure to sign the release of information will result in being kicked out of group).
4. **To treat other group members and staff with respect.** I agree that I will treat other group members and staff in a caring and kind way. For the safety of everyone, there will be no touching of other group members or staff. I agree to not say putdowns or to harass other group members or staff. I also agree to respect the building by not intentionally breaking anything, vandalizing anything, and I agree to pick up my own trash after group. I also agree to return any materials that are used during group to where they belong.
5. **To follow all other rules of this agency** as described in the *Office Policies and Procedures* handout that I first received when I began counseling at this agency.

I understand that if I break any of these group rules that I can be kicked out of group and that a letter and phone call will be made to my probation officer/ case worker who may consequence me for my actions.
