TREATMENT OUTCOMES REPORTING

The Fairfield County ADAMH Board is moving forward with the financial incentives for submission of Outcomes to the state. There continues to be discussion over the amount of payments and percentages of submission that will result in payment. It is expected that agency's will receive some type of funds by October.

The agency continues to look for ways to improve their submission rates and use of Outcomes data. Current activities have included, downloading new reports from Xakt to help the process be easier to use and integrating Outcome Due Date into the Active Client List in CIS.
