

## **FEBRUARY 2010**

### **MAJOR UNUSUAL INCIDENTS**

There were two MUI's reported during the month of February. The first incident occurred on 02/01/2010 when agency staff became aware of the death of a person scheduled for an intake. This incident was not reported to any ADAMH Board due to the fact that the person was not yet a client of the agency.

The second incident occurred on 02/23/2010 when client #080724H3 was arrested by Columbus Police due to having an outstanding warrant. This incident was not reported to any ADAMH Board, due to our agency not having direct involvement in the police presence at the agency.
